- Rough-in exhaust vent for dryer provided, including recessed dryer vent connection box on all interior framed and finished walls.

Important information / Purchaser acknowledgements

- Specifications are for single detached homes in Maplewood Homes Trails of Lily lake community and are subject to change without notice. These specifications do not apply to townhomes.
- Some features mentioned are not offered on all plans as standard.
- Inventory homes already under construction are subject to altered specifications.
- Walkout lower-level walls will be brick on rear.
- Lookout lower-level walls may be brick or concrete finish and/or a combination thereof depending on grade conditions and will be decided at the discretion of the vendor.
- Purchaser to have choice of interior and exterior colours and finishes from vendor's samples, with exception of where selections have already been made by vendor, the purchaser agrees to accept any and all selections made by the vendor.
- Purchaser acknowledges that the vendor cannot guarantee availability, shade, tint, texture, and/or grain uniformity of selections due to variations in production, tone range and dye lot.
- The vendor reserves the right to substitute different materials and/or fixtures with brands of comparable or better value to those specified, dependent upon availability, pricing and selection.
- Bulkheads and boxed out areas on main floor of two storey homes and in all finished lower levels are to be expected and will be installed as necessary at the vendor's discretion. Tubs and/or showers may have bulkheads; bulkhead size may increase on tall height ceilings.
- Furnace, hot water tank, HRV, hydro panel, hot water drain recovery, 3 piece rough-in and washer and dryer locations are subject to change without notice.
- Brick cladding is excluded from areas such as cantilevers, pop outs, gables, unsupported areas, etc.
- The vendor will not be liable for any damaged or diseased trees, however caused, and the purchaser assumes full responsibility for the care, removal and replacement of trees.
- Steps provided at front entry. Interior and/or exterior landings may be dropped depending on grade and the number of steps will be determined at the discretion of the vendor.
- Exterior steps from rear entry/exit when 3 risers or less. A small deck will be provided when more than 3 risers. No stairs to grade.
- Painting of metal insulated exterior doors will be completed when weather permits, and any dents repaired prior to painting.
- Model homes may have features, upgrades and/or services that may not be included on standard model type (most additional features are available as upgrades).
- Variance in floor levels may result from different finishing materials.
- Purchaser will not do any work and/or supply any material to home or lot before closing date.
